Champions® at Union Middle School

The Outside the Classroom Learning That’s Inside Your School!

After-School Programs that Educate, Enlighten, and Entertain Students

Our experts have put together a variety of group and individual activities that give school-age students lots of opportunities to explore art, dramatic play, math and science, problem-solving, language, motor skills, and more. Our Homework Support, Character Development, Fitness, and Read*Write*Now! Literacy enhancements are another way we help your child build skills that boost school success.

Champions® programs are an extension of the learning that takes place during the school day. Our education philosophy is to offer your student the guidance, tools, and space to explore the world, pique his/her curiosity, reinforce what he/she is learning at school, and promote 21st Century learning skills including creativity, communication, collaboration and critical thinking as well leadership.
Flexible Hours, A Variety of Enrollment Options and Online Payment Systems Adapt To Your Busy Schedule
At Champions, we recognize how busy our working families are, so we have adapted our program to support you and your student every step along the way.

- We are open year-round after school from 2:30 pm to 6:00 pm giving you complete flexibility to drop off and pick up your child around your schedule.
- We offer full and part-time enrollment options and weekly adjustable scheduling.
- In addition, you can register your student, adjust your schedule and make your tuition payments online, 24 hours a day, seven days a week on the discoverchampions.com website.

A Wonderful Learning Environment For Your Student – Peace of Mind For You!
With all that Champions has to offer you and your child, you might be thinking that it must cost more than your current after-school options. In fact, our programs are very competitively priced against those you will find in our local community. Plus, we offer significant discounts for Union Middle School employees and welcome families using government tuition assistance. So when you consider our educationally rich programs conveniently located right at your student’s school, along with our highly professional, caring teachers, you can have piece of mind while you are at work that your student is having fun, continuing to learn and develop and getting their homework done so you can have quality time together.

Financial Assistance Available
Champions welcomes families using government subsidy programs to offset tuition costs. We can help you to learn how to use subsidy funding when enrolling in our program.

See For Yourself How Your Child Will Benefit From Our Exceptional Programs!
Champions will be holding open houses in the coming months. There you will meet our professional staff and see for yourself how Champions brings learning and fun together in our after-school programs.
