

New at Covington!

Special Needs Campus Parent Representative Program

Covington Middle School is excited to offer the **Campus Parent Representative Program** for parents who have a child receiving supports from special education

My name is **Theresa Attea** and I am a parent volunteer at Covington, and serving as *your* **Campus Parent Representative**

My role is to offer parents and those who are raising a child with special needs:

- ❖ Another parent with whom to connect regarding your child's unique needs
- ❖ Special Needs CPR Coffee Connections- monthly meetings to provide information about special education topics, speakers, and emotional support in a group setting
- ❖ Resources and information for educational opportunities and services within the campus, AISD and the community
- ❖ Emotional support and direction in navigating special education in the school system

I hope you can join us!
