

Use of Personal Networked Equipment

Any personal (not purchased by MUHSD) device which is connected, either directly or indirectly, to the MUHSD network or to the Internet through the MUHSD network must comply with the following:

- Use of the device on the MUHSD network must be approved in writing each school year by the principal or designee.
- Use of the device must be exclusively to further the educational goals of the district.
- Where applicable, the device must have anti-virus software installed and maintain at least monthly updates.
- The device must be used in a lawful manner.
- The device must not be used to download or store copyrighted material obtained without permission of the copyright owner.
- The device must not have a negative impact on the educational use of the MUHSD network or Internet resources.
- Use of the device must be in compliance with all school and district policies, rules and regulations.
- Wireless access points are specifically prohibited.
- No technical support will be provided for personal devices.

The owner of the device assumes all risk and agrees to hold the MUHSD harmless for all damage to the device, actual or perceived, as a result of the use of the device on the network. Furthermore, the owner agrees to allow reasonable inspection of the device to verify compliance.
